# Java Software Engineer (m/f/d)

Location: Zagreb

CONET Hrvatska d.o.o. is our newly founded branch based in Zagreb. Our goal is to grow dynamically in Croatia and to become known as one of the top employers in the IT sector. We are part of the CONET Technologies Holding GmbH currently combining over 1.000 employees. We are known for our excellent work in the fields of consulting, development, cyber security, data intelligence and many more. We are looking for employees who want to get on board and become part of a group, where people matter.

Working @CONET

At CONET, appreciation means that commitment also pays off in special employer contributions

Possible remote work	Free tea, coffee, fruits and sweets
Budget for education	Flexible working hours
Permanent employment	30 days vacation

Your tasks

- Analysis of requirements and clarification of these with the client and, if necessary, other contact persons from IT and specialist areas
- Creation of a concept and architecture proposal, including coordination with the client as soon as the scope exceeds a script development
- Research and coordination of any open source software, libraries and frameworks to be used with the client
- Implementation of the conceptualized solution
- Conception and creation of automated tests for the implemented solution
- Documentation of the created solution (for developers and users) according to the specifications
- Rollout and commissioning of the created solutions

> „At CONET we aim at creating an inspiring work environment with a good work-life-health balance. Give your career plans a push and join us in working together on exciting projects!"

Your qualifications

- Development with modern Java technologies
- Experience in controlling other systems via e.g. REST APIs
- Experience with web / REST services
- Experience in design and development of web applications (frontend + backend)
- Knowledge of cloud technologies (Docker / Open Shift)
- Knowledge of relational databases
- Know-how of Spring Framework
- Experience with version control systems such as git / SVN

Apply now

We are looking forward to receiving your application including references, starting date and salary expectations. If you have any questions, please contact us directly. Of course, you can also apply for other vacancies. We'll get back to you.
